Backend: Node.js, Express.js

Database: MongoDB, MySQL, Mongoose

Tools Platforms: Git, GitHub

EDUCATION

MES Garware College of Commerce, Pune 2025
Bachelor of Computer Applications (BCA) GPA: 8.5 / 10

H.H.C.P. Junior College, Huzurpaga, Pune 30 2022
Higher Secondary Education (HSC) 74%

St. Mira's School, Pune 2020
Secondary Education (SSC) 79.4%

PROJECTS

Roamella – Property Rental Platform | Javascript, Node.js, Express.js, MongoDB, EJS, Bootstrap **Live Demo** | **GitHub**

- Developed a full-stack property rental platform using Node.js, Express.js, MongoDB, and EJS following MVC architecture.
- Implemented secure authentication and role-based authorization using Passport.js with session management and protected routes.
- Built RESTful APIs with complete CRUD functionality for listings and reviews, including ownership validation and server-side validation.
- Integrated image uploads using Multer and Cloudinary, and designed a responsive UI with Bootstrap and category-based filtering.

Portfolio | React.js, CSS, EmailJS **Live Demo** | **GitHub**

- Designed and developed a responsive personal portfolio using React.js and modern CSS to showcase projects and technical skills.
- Integrated EmailJS for secure client-side email functionality, enabling seamless contact form submissions without a backend.
- Built modular and reusable React components to improve scalability and maintainability.

Weather App | React.js, Material UI (MUI), API Integration **Live Demo** | **GitHub**

- Developed a responsive React weather app using Material UI that fetches real-time data from a public API.
- Implemented city search and detailed weather information (temperature, humidity, wind, sunrise/sunset, min/max) with dynamic backgrounds and smooth transitions.
- Used React Hooks (useState, useEffect) and deployed on Render with GitHub.

CERTIFICATIONS

- **Full Stack Web Development (MERN)** – Apna College (2026)
 - Developed dynamic React.js applications and responsive UIs.
 - Built RESTful APIs with Node.js and Express, including authentication and CRUD operations.
 - Managed MongoDB databases and implemented MVC architecture.
